We had 19 riders and good weather...WOW !

Thanks so much to everyone who came to both rides. It was really great to see all the trailers roll in Saturday morning. Your smiles make all the effort putting on a ride very much worth it.

This was a fun ride to set up. I very much appreciate Annette's help in scouting out and putting up stations. When we scouted out the stations, the trees were bare. By "ride" weekend everything had "leafed out" and I was trimming branches so you could find the landmarks.

I'm hoping that by now everyone who was experiencing "Horse" and "Health" problems and "Bumps" and "Bruises" during the weekend is now in good shape and perky.

Sunday night Annette and I rode out to pick up plates (with a total time of 3 hrs. 12 minutes and 45 seconds—Hmmm, maybe we were talking faster than we were riding??). We still can't understand where the #4 swamp went...it just disappeared....after two solid weeks of rain!!! Very strange.....It was huge!!!! However, inspired by adventurous HOBOb stories and HOBObers, we decided to tackle swamp #3 and ride through it. (Chicken me.. I let Annette go first). It went fine..whew!

We also noticed another thing HOBOb has done to us. We realized we are now totally incapable of riding a horse anymore without one of us saying "Hey.....this would be a really neat place to put up a plate!!!" And the reply is always...."I was just thinking that...!!"

I'm looking forward to the next HOBOb. (Irene's ride). Checking the calendar, June 10<sup>th</sup> and 11<sup>th</sup> will be a beautiful full moon. Great for camping too!!

See ya there,

Liz

Christmas in May,

It started out like it was going to rain all day. Then it stopped for the rest of the day. Well it was not as hot as last year. Everyone came back and said the ride was great. Liz and I had a great time setting it up. We are even now planning on where we can put stations up for next year. We had a few new riders. Congrats to Sue and Pat came in 6<sup>th</sup> for their first ride. Brooke and Deb took the first place prize congrats to them. See you all at the next ride.

Over the river and thru the woods,  
I want to thank Randy and Anita Lossing for all of their help and willingness to let us park at their place and ride on their land. The facilities made it nice for set up and lunch. Anita helped me so much during the ride with the time chart and set up. Thanks to my husband Dan for helping set up the stations – clearing trails and handing out maps to riders – he even helped teams figure out which way to leave the yard! I'm sorry for some confusion about the trails going to #5 and the stations I thought were going to be the easiest – proved to be challenging for a lot of you (#4). I'm glad you all were troopers thru the rain and bugs that fallowed. Deb and Jackie I again apologize for thinking you were out over the time limit when you weren't and going ahead with the award ceremony without you! It's a lot of work setting up these rides and it's nice when you riders show up to support the effort. We even had a new team come from Wisconsin – and they did well for a first time – Thanks Annette and Irene for helping them too!

I love HOBO!
