

## HORSESHOE LAKE RESULTS;

Sat. we had glorious weather, wonderful trails with watering holes. 16 riders total, including one new team of Larry, John, & Gayle from Portwing WI., who managed to take 3<sup>rd</sup> place. We also had a new rider that came and tried hobo with Maria, great job to them. Only 4 stations were found, but we were able to get the others by description only.

Sunday 3 teams including the old pros and a new rider who had a close to perfect ride. At station #2 riders rode past the landmarks and had to back up but it was found by the winning team of Liz & Annette. Again even more glorious weather and trails went in the most scenic rolling meadows with mature forest. An old rr grade with mature white pines growing in the middle was the spot for another station and of course across sunken camp lake with polliwogs in the water was another. It gave horses a much deserved splash and drink before heading in Miigwech. Thanks for everyone's support and enjoyment of horseshoe lake hobo's.

### Ride Results from Cloquet River Ride;

The day started out with fog and mist which cleared off to a beautiful day for a trail ride. Jane had the help of 4 friends in setting up the ride which may account for the 3 landmarks being backwards. (sorry - maybe we'll do better next time.) One land mark "swam away" before the ride but a blue ribbon was used to replace it. The trails were, as advertised, a bit rocky and those with shoes or boots weren't slowed down as much as those without. We thank Mike and Jill for the use of their place - they provided great accommodations and food.

(24 riders) Rhonda, Gina, Joan & Jill, and Jane

#### TwentyTwo Horses come to Wakeley Road by Robin Fisher

Fishers horseback orienteering ride was held last Saturday, August 19th on Wakely Road in Owen township. Groups of riders combed the Sassas Road/ Rice River area looking for those hidden stations. The ride was called Rockytop because it contained two high scenic overlooks for the horses to climb. Ride managers John, Robin, and Ann Fisher were squirming on Friday night when the rain was pouring down. Their Wooden Table Ride in Britt last fall got deluged with rain. But Saturday cleared off into a beautiful sunny day. Dave and Shirley Woods provided a wonderful deer shack for food and registration. The "haystacks" were well-received - a mexican buffet where you start with corn chips and pile on items of your choice - burger, canned venison, chili beans, cheese, tomatoes, shredded zucchini, salsa and sour cream. It should have been named the "Zucchini" ride as all the winners recieved those green squashes. The ride was only six miles in length but made up for it in the challenges of finding your way through a maze of hayfields and "jungle" trails. Much thanks to the private landowners who allowed the horses to explore the area - Woods, O'Donnells, and Andersons. The first place winners came in in 1 hour, 27 minutes - Lori Hipple (Aurora) and Teri Radtke (Embarrass). Second place went to a mom and two daughters from Aurora, Sue, Kelsey, and Dana Ahonen at 2 hours, 6 minutes. Third place was Brooke Rolfson and Stephanie Rabbers (Embarrass) at 2 hours 9 minutes. Fourth place was a large team containing Beth Rolfson (Embarrass), Jacque Nelson (Tower), Deb Nelson (Embarrass) and Jack Ronning (Cook). They found all five stations in 2 hours 11 minutes. Fifth place went to three ladies from Ely - JoAnn Schreffler, Ruthanne Fenske, and Anne Portiner at 2 hours 36 minutes. Sixth place was Liz Frederick and Irene Danz (Duluth-Superior) at 2 hours and 46 minutes. Seventh place had a fast time of 1 hour and 38 minutes but only found four of the stations. This was another large group of four horses with Vicky Keopke (Gilbert), Nona and Mollianne Landeck (Hibbing) and Annette Griffith (Superior). Lori Hipple won a calculator for figuring out the anagram made by the station letters. The word was LIPPIZANER - a famous austrian breed of horses.
